Des Peres

St. Norbert College

Main Hall Entrance

"In human works, tho' labour'd on with pain,
A thousand movements scarce one purpose gain;
In God's one single can its end produce,
Yet serve to second too some other use:
So man, who here seems principal alone,
Perhaps acts second to some sphere unknown,
Touches some wheel, or verges to some goal;
'Tis but a part we see, and not a whole."

Pope, "Essay on Man"

Forward

Main Hall Steps

In bringing you the "'47 Des Peres" the students of St. Norbert College try to depict their life on the campus and in the classrooms during this the greatest year in the school's history. Well over five hundred of the student body this year are returned servicemen, men who have come back from a job "well done." Getting back to the routine of the classroom and study has not been easy. But then again, winning the war wasn't easy either.

The battle has been tough and even somewhat hectic at times, but, though it took us a while, we have settled down to the job of acquiring a long delayed education. This year we, the students of St. Norbert's, old and new, high school graduate and returned serviceman, have endeavored to return the campus life to its prewar standards. In this book we now attempt to bring you our way of life, the life of the students of St. Norbert's.

RESIDENCE HALL

The most recently constructed building on the campus is majestic Residence Hall. The structure, located on the South end of the campus on the banks of the Fox River, was completed in 1943 and was made possible through a fund campaign conducted by the College in the Green Bay Diocese. It is of Georgian Colonial design and E-shaped. A definite Jeffersonian influence affects the design of the main entrances.

The building provides quarters for the Dean, lay faculty, prefects, and students. It also contains a reception room for the use of the faculty, student body, and guests. There is also a modern central dining room, kitchen, and cafeteria.

The Students of

St. Norbert College

West De Pere, Wisconsin

Present

THE 1947 DES PERES

FRANCIS J. FILLIBEN, Editor

JOHN E. McKEOUGH, Business Manager

DEDICATION

The hearts of the students of St. Norbert's grew heavy when it was announced that, after years of faithful service, Father Alger was to be transferred from his familiar setting on the campus, the Infirmary. After twenty-seven years of teaching at St. Norbert the Rev. T. C. Alger, O. Praem. had been appointed pastor of St. Joseph's Church in Oneida, Wisconsin.

The loss of Father Alger will be deeply felt by the many who have come to know him through the many years, beginning with his childhood days here in De Pere. He has come to be as much a part of this institution as Main or Boyle Hall. Without him the college will never seem the same.

The students have always enjoyed his jolly humour and boisterous laughter. Yet they have also come to appreciate the many days and nights during which he has constantly cared for the needs of those who required treatment for their cuts, bruises, and assorted ailments. The door to the Infirmary has never been closed, day or night; the kind Father has always been ready to render aid, regardless of time of circumstances. This assistance, moreover, has by no means been limited to medical or physical aid. Indeed, hardly has a day passed that some of the townsfolk have not come to Father Alger seeking advice or counsel on some weighty problem. Many, too, have been the convert instructions which have been given in the parlor of the Infirmary.

The absence of Father Alger from the altar of St. Joseph's Church will also be keenly evident. As official Master of Ceremonies at all liturgical functions in the Church the "Padre" has become synonymous with any religious service. His loss will indeed be deeply felt by the people of De Pere.

It will seem unnatural when no more will we see the figure of Father Alger walking towards town to fulfill some of the many duties which are his as Secretary-Treasurer to the Abbot. The little chats with the grammar school children who always looked forward to his coming will be an irreplaceable part of the little tots young lives. They, as we, will lose a true friend.

The people of De Pere, the students, and his fellow priests, both of the Order and of the Diocese, will miss Father Alger. Through the years he has become a renowned, unforgettable fixture in the lives of many. His departure will be sorely felt by those many who have come to know and love him. Our loss is indeed Oneida's gain.

Thus it is that, because he has symbolized St. Norbert's to us, because he has cared for us in our ills and counseled us in our trials, because he has shared our joys and our sorrows, but moreover, because he is the man that he is, we, the Students of St. Norbert College, dedicate the "'47 Des Peres" to the Rev. Thomas Charles Alger, O. Praem.

REV. T. C. ALGER, O. PRAEM.

Requiescant In Pace

Frater
THOMAS HENRY FILBRANDT
O. PRAEM.

Born in Antigo, Wis., June 27, 1924.
Graduate, Archmere Academy, 1942.
Graduate St. Norbert College, 1946.
Theologian, St. Norbert Abbey, 1946-47.
Died in automobile accident, Green Bay, Wis.,
January 27, 1947.
Buried, St. Norbert Abbey, West De Pere, Wis.,
January 30, 1947.

Frater
WALTER HENRY ZIEGLER
O. PRAEM.

Born in Philadelphia, Pa., January 29, 1923.
Graduate, Archmere Academy, 1940.
Graduate, St. Norbert College, 1944.
Theologian, St. Norbert Abbey, 1944-47.
Died in automobile accident, Green Bay, Wis.,
January 27, 1947.
Buried, St. Norbert Abbey, West De Pere, Wis.,
January 30, 1947.

On January 27, 1947, two young seminarians completed their earthly tasks and were called by their Creator to Heaven's celestial kingdom. On that day a car carrying five young Fraters from the Abbey to their teaching duties at Central Catholic in Green Bay met with disaster when it skidded on the treacherous ice-covered road and swerved into a tree. Killed as a result of the mishap were Frater Walter Ziegler and Frater Thomas Filbrandt.

In their short lives both had been model men to their associates. Both had undertaken to follow in the footsteps of Christ, helping their fellow man in his fight to attain Heaven. The untimely deaths of these young men in the prime of life will long be mourned by those many whom they had befriended, both as students and as teachers. Beyond a doubt both have attained their eternal reward.

Frater Walter would have been ordained to the Holy Priesthood this year on May 31st.

Fraters' Funeral

VESTATION

When St. Norbert College was first founded it was intended primarily as an institution for those young men who were contemplating the Holy Priesthood as a vocation. As the years went by, however, it became increasingly evident that eventually the college would become a Liberal Arts institution open to others not necessarily considering the sacred life. That change came in the mid-twenties. Since that time the enrollment of the college has steadily continued to mount, culminating in the record breaking present day number of students.

The Norbertine Order still educates its future priests here at the college, though. Many boys also complete their college education here and then go into the secular seminaries.

Since 1893 when Abbot Pennings first came to Wisconsin the Norbertine Order has continued to expand, year after year. At the present, young men who desire to enter the Order, after being approved, enter into a Novitiate period lasting two years. During this time they become acquainted with the Order and its rules and live a type of trial period. Late in August the aspirants don the White Habit of the Order at an impressive vestation ceremony. They then spend a year at the Novitiate located on beautiful Lake Monona at Madison, Wisconsin. The second year of the Novitiate period is passed at the Abbey which is adjacent to the college campus. It is during this time that the "Fratr" begins his regular college education which is climaxed by a B.A. in Philosophy. Some, however, after this, are then sent to universities for still further education, usually along a special line of study.

Following the first two years in the Order the Frater takes the simple vows of poverty, chastity, and obedience. Upon completion of the four years

of college the study of Sacred Theology is begun. During this period the Frater usually teaches at one of the Norbertine sponsored schools. When Theology is begun the Frater takes the solemn vows which are binding until death.

After three years of Theology the Frater is ordained to the priesthood. Then, when the fourth year of Theology is completed, the young priest is assigned by the Abbot to that station which is thought most suitable for him, either teaching or doing parochial work.

Abbey Entrance

VESTATION

PRESIDENT

As the years pass one into the other in their endless string, each with its own claim to fame and mention in future History books, so does the life of the founder and President of this college, the Rt. Rev. Abbot B. H. Pennings, O. Praem.

Just as a snowball rolling down hill grows ever larger the life of the Abbot depicts an ever growing dream which also seems limitless in scope. Since that day back in 1893 when Father Pennings and his fellow missionaries first came to Wisconsin his life has been one continued hard fought victory over all obstacles. Forging ahead by sheer perseverance and Faith in his Creator, Abbot Pennings has gradually seen his dream come true, a dream climaxed today in the great institution which he now heads.

During those trying years which have seen the college grow from the original four to the present day seven hundred and seventy students the Abbot has always been the domineering, unifying force. He, however, has found time to apply his energy to more than this one great task, great though it be.

The Norbertine Order in America which he established is rapidly becoming more and more renowned in the field of education and parish work. But even despite these many duties required in guiding the destinies of the College and the Order, in addition to his responsibilities as pastor of historic St. Joseph's Church which is adjacent to the college grounds, the Abbot still finds time to daily teach the Catechism to the children in the St. Joseph Grammar School.

Indeed, just as he watches and supervises the needs of his fellow priests, his parishioners, and the students of his college, the Abbot also follows the

example set forth in the words of Christ, "Suffer the little children to come unto Me." Truly his great charity and kindness to others is a direct outgrowth of the Abbot's personal feelings, his great love of mankind, which he himself has expressed so clearly in the words of his own motto, "Diligamus invicem," "Let us love one another."

RT. REV. ABBOT B. H. PENNINGS, O. PRAEM., LL.D.

"I shall return."

Just as General MacArthur uttered these historic words in evacuating the Philippines, and later came back to fulfill his promise, so could Father Keefe have said the same upon his departure from St. Norberts on January 1, 1941.

On that day, the Rev. Anselm M. Keefe, O. Praem., complied with the order instructing him to report for active duty with the Army of the United States, thereby bringing to an end his fourteen years as Dean of the College, a position which he first assumed in 1927 just seven years after his ordination to the priesthood.

Lt. Colonel A. M. Keefe first was assigned to Camp Shelby, Mississippi, as Chaplain of the 135th Medical Regiment. Later he was designated as Senior Chaplain of the United States Forces in Australia. He served most of his time in the service in the South Pacific area, on one occasion being decorated with the "Legion of Merit" by General MacArthur for "exceptionally meritorious work in Northern Australia."

When Father Keefe returned to the campus this year to resume his duties as Dean he discovered that he would still be working mostly with servicemen as well over five hundred members of the student body had also just returned from service in the Armed Forces.

Father Keefe's initial task upon his return was to make proper provisions for the record number of students who had enrolled at the college. Although the task of moulding the more than seven hundred and seventy students into one smooth working organization was considered next to impossible it was nevertheless soon a reality as the Dean formulated and enacted plans for the expansion and betterment

of facilities and for the creation of an informal, co-operative spirit between the students and the faculty. He was directly instrumental in the reorganization of many of the war-casualty activities about the campus, a move which was climaxed by the formation of the Council of Student Organizations to replace the Presidents Club of previous years, perhaps the most influential of all campus organizations.

Thus it is that during this year as the College's 49th Graduating Class departs and the school's first half century of existence draws ever nearer, one can unhesitatingly say that much of St. Norbert College's success and bountiful growth can indeed be traced directly to the initiative and guidance of our Dean, the Rev. Anselm M. Keefe, O. Praem.

To him and to the other members of the faculty who thought it their duty to carry the Word of God to those who fought to preserve "liberty and justice" the members of the student body offer a hearty "Welcome Home!"

MAIN HALL

In 1904 a new building was erected to house the students which the comparatively "young" college had attracted. Classified as "one of the most complete buildings of its kind in the Northwest" at the time the present day Main Hall became the center of all college life, a distinction which it still retains.

Many changes have been introduced within the past few years, however, and in place of the dining room, gymnasium, library, and auditorium of former days there are now Physics and Chemistry laboratories and class rooms. The first floor still retains the administrative offices of the college. The second floor was given a complete face lifting this year and is the site of dormitories for the students, a position which it has held since those first days back in 1904.

STUDENTS

YESTERDAY

SENIOR OFFICERS

Earl McCabe, Secretary; Robert Walters, Vice President; Fred Picard, President; Gordon Lamers, Treasurer.

The Senior Class of 1946-47 numbers about half a hundred men and consists for the most part of World War II veterans whose education had been interrupted by the recent war. Taking advantage of the GI Bill of Rights, these men returned to their studies upon being released from the Armed Forces, and continued from where they had left off upon their entrance into the service.

Seven found themselves with sufficient credit at the end of the first semester, February, 1947, to enable them to graduate at the midyear. Others will graduate in June and still others will be eligible in August,

1947, upon completion of the summer session.

All branches of the Armed Forces are represented by the class. Most of these veterans originally had entered college in the Fall of 1940, but little did they realize that they wouldn't be completing their education until 1947. However, during those intervening years their experiences and travels perhaps contributed more to their future careers than any scholastic courses could ever offer. Indeed, much has been supplemented in way of knowledge which couldn't have been obtained any other way, unfortunate and unwelcome though the "course" may have been.

Rt. Rev. Msgr. John English, D.D., urban vicar general of the Brisbane Archdiocese.

JUNIORS

Class Officers: John Nugent, Treasurer; Ralph Lemorande, Vice-President; Rube A. Prunuske, President

The Junior Class this year, following the general trend throughout the school, was composed mostly of returned servicemen. The class was comprised of approximately thirty-five young men who not only found time to do their class work but who were also quite prominent in school activities, holding several of the key positions in some of the influential student groups.

These men who in one year will be honored by becoming the 50th graduating class in the school's history, lost little time in resuming their war-interrupted educations. Theirs is a diversified class with students majoring in every field. Some are taking Philosophy as the principal course, others favor English, some intend to work with Economics, while quite a few are majoring in the sciences—Chemistry, Physics, and Biology. Many

students are taking advantage of the valuable knowledge they were able to secure in the service in relation to their scientific endeavors.

The climax of the Junior Year was naturally the colorful Junior Prom, held on May 3rd at the Riverside Ballroom in Green Bay. Music was supplied by sweet playing Tommy Sheridan and his Orchestra. Class President and Mrs. Rube Prunuske led the impressive Grand March which was the highlight of the evening's affairs.

In addition to the Prom, the Juniors also took an active part in the gala Homecoming ceremonies and in the Memorial Day services held on the campus. These men, by their leadership and ability have taken an important part in the fight to again make the campus of St. Norbert's the important spot that it was before the war.

In Memoriam

Clyde J. Koeppen

On November 7, 1946, an automobile containing several students of the college met with disaster when it skidded into the Northwestern's southbound "400" streamliner on the outskirts of Green Bay. Fatally injured in the mishap was Clyde Koeppen, a member of this year's Freshman class. A graduate of West High School in Green Bay, Clyde had just begun his college career after serving several years in the Navy. He was a popular member of the college football team and his winning smile and pleasing manner left behind many fond memories which will long be remembered by his fellow students and the members of the faculty, all of whom mourned his untimely death.

BOYLE HALL

Boyle Hall was made possible by a donation of Mr. Henry Boyle of Fond du Lac in 1916. The building is named in honor of his son, Francis H. Boyle, who had been a student at the college. It was dedicated on August 19, 1917 and first was used during the school term of 1918. The four story building contains the college classrooms, the spacious library, the Biological laboratories, and the dormitories and the classrooms of the High School.

ATHLETICS

YESTERDAY

SPORTS RESUME

FOOTBALL:

1946 saw football come to the limelight at St. Norbert College. In their first post-war season, the Knights came through undefeated and untied, to rank among the top fourteen teams of the nation.

On an outstanding team the line play topped the opposition in every game. Only a single touchdown was scored by opposing teams through the staunch forward wall.

This season also witnessed the advent of Coach Tom Hearnden who, along with coaches Biolo and Legener, molded from raw material an outstanding squad fit to represent any school.

Prospects for the '47 season appear very bright. Although many experienced players will graduate, Coach Hearnden will have a nucleus of veterans from the 1946 squad.

BASKETBALL:

Faced with a 15 game schedule, basketball coach Biolo drilled his squad long and hard. Although the Knights got off to a slow start they finished strong and came through with an eight win, seven loss, 50 point average a game team.

The 1946-47 season saw Clarence Blahnik climb into the school record book, claiming second place on the all-time scoring parade with a 193 point total.

With the bulk of the regulars expected back next year, the 1947-48 season will find the Knights returning to the hardwood with a team definitely to be reckoned with.

TRACK . . . TENNIS . . . GOLF . . . RIFLE TEAM:

These minor sports were delayed in getting underway this year but several meets were held and a good foundation was laid for a strong showing next year. Track, tennis, and golf matches with Ripon, Oshkosh Teachers, and Beloit provided the teams with enough competition to get a picture of what may be expected in the future. The rifle team took part in quite a few matches, facing both intercollegiate and professional rivals. Although the schedule was not as heavy as previous years the marksmen did take part in seven matches, their most notable victory being over the Wolverines of the University of Michigan.

The nucleus of the athletic department this year was strictly a Navy affair. The Rev. T. G. Fox returned to the familiar settings of the campus after serving as a Navy Chaplain in the South Pacific area since 1943. This year Father Fox was Chairman of the Athletic Board as his former position of Athletic Director was assumed by Head Football Coach, Mr. Thomas Hearnden.

Mr. Hearnden comes to us via Green Bay East High School, Notre Dame of the fabulous "Four Horsemen" era, and more recently from his position as backfield coach of the powerful Iowa Seahawk Pre-Flight football 11. His first year as football coach of the Knights has indeed been impressive. The quick-opening "T" formation and strong defensive tactics which his team used overcame all opposition as it tallied eight straight victories, finishing the season unbeaten and untied.

Head basketball coach and football line coach Mr. John Biolo is one of the immortal greats of Lake Forest College in Illinois. He played football professionally with the Green Bay Packers. Upon joining the Navy he played guard on the Iowa Pre-Flight team from whence he was assigned duty as a PBM pilot and later transferred to the piloting of a torpedo plane.

Rodney Legener, a St. Norbert graduate of '42, assisted in coaching the backfield. He served in the Army during the war and played service football. At present he is head coach at St. John's High School in Little Chute, Wisconsin.

 Front Row: Fitzpatrick, Brennan, Vanden Branden D., Klein, Nelson, Early, Kirchman.

The Knights line up in their powerful "T" formation against Loras in the Homecoming game at the J. R. Minahan Stadium. The Green and Gold eleven came through with a win by downing the Duhawks 27-7.

Line Coach Biolo, Head Coach Hearden, and Backfield Coach Legener discuss plans for the Knight gridiron forces. All three mentors assumed their positions at the college after serving in the Armed Forces during World War II.

"The Big Four"

Howie Tollefson, right guard, Bob Walters, center, Glen Kemp, left guard, and Steve Bennett, left tackle, all received nominations for possible representation on the "Little All-America" football team. Bennett gained honorable mention in the poll for the nation's "All Catholic" football team.

Pinchard clears the way for Vanden Branden's third tally

Stevens Point, Wis.—Sept. 21

Making its football debut after a four year lapse a powerful squad of St. Norbert College Knights soundly trounced an ineffectual Central State Teacher eleven by an overwhelming 54-0 score on the loser's gridiron.

Early in the initial period Nelson set the Knight's scoring parade into motion by going over from the two. Bill Fitzpatrick ended a 52 yard drive by also driving across the goal line from the two yard line. Butch Lamers added the third marker by scooting over from the 22 after Nelson had intercepted a Pointer aerial.

The opening of the second half found Bud Hickey tallying following a blocked kick. Four plays later, after the winner's powerful forward wall had blocked a third kick, Vanden Branden chalked up a fifth tally. Again taking the ball on the 38, Vanden Branden scampered over for his second touchdown. Two plays later the diminutive halfback again broke into the clear and dashed 41 yards for his third score. Destiche registered the eighth and final marker by crossing from the 8. End Pete Weiland made good on six of his placement kicks to give the Knights their total of 54 points.

Fitzpatrick runs up to give Pinchard a helping hand

Minahan Stadium—Sept. 28

Striking with deadly suddenness for three touchdowns in the last quarter, the St. Norbert Knights, playing their first home game since 1942, came from behind to defeat a determined Whitewater Teachers eleven by a close six point margin, 19-12.

Scoring first through the air on a 29 yard pass play, the visiting Teachers lost little time in registering again a few plays later on a long runback of a Knight punt. Wagner, the loser's quarterback, received the kick and on a reverse handed it to his halfback Bob Comptoy who scampered 85 yards down the sideline to pay dirt.

Halfback Bill Fitzpatrick put St. Norbert back into the game by scoring three quick touchdowns in the final fifteen minutes of play. His first score, set up by tackle Steve Bennett's recovery of a fumble, came from the two yard line on a crossback. The second tally was on a plunge from the one. Fitzpatrick climaxed the day's work by slashing off tackle from the eleven for his final score. End Pete Weiland's placement accounted for the lone point after touchdown.

Koeppen—T

Strenski—B

Goodreau—E

The Knights' powerful forward wall blocks another kick

Oshkosh, Wis.—Oct. 12

Crossing the goal line three times in each half, St. Norbert College's Knights marched to a 39-0 victory over an almost helpless Oshkosh State Teacher squad.

Taking the opening kickoff, Coach Hearnden's eleven rolled straight down the field with Hickey plunging over for the initial tally. The second stanza saw a 60 yard drive climaxed by Hickey's second score. Two passes, a 40 yard aerial to end Tom Paternoster and one for 10 gave the visitors another marker, with Paternoster crossing the final stripe to register.

An exchange of punts in the second half preceded a 50 yard drive with burly Bud Hickey again bullying his way over for a touchdown. Vanden Branden's elusive 61 yard run accounted for the fifth score. Ray Strenski drove across from the 5 for the final six pointer. Weiland was good on two of his attempted conversions.

The powerful Knight line again turned in its usual bruising game, with Walters, Bennett, Kemp, and Tollefson as the main sparkplugs.

Pinchard—B

Nebi—G

Nelson—B

Fullback Pinchard scores first against Loras

Minahan Stadium—Oct. 19

Playing before a large homecoming crowd, the rampaging Knights from St. Norbert found Loras one of the toughest foes to date, but the Green Wave came through to register a 27-7 win.

Starting the game with a bang, the Hearden men rolled 58 yards with Gene Pinchard going over for the first score. Weiland converted. Two plays later, center Bob Walters dropped on a blocked kick in the end zone. The conversion was again good.

The Duhawks, however, came roaring back and they quickly ran and passed their way to a score. This proved to be their best effort of the day though as they were unable to penetrate the Knights' defense for the remainder of the contest.

Vanden Branden opened the second half with a six pointer to climax a 63 yard Knight push. The 'Hawks staged a threatening drive of 74 yards but it fizzled out on the Knight's 11 when the defenders stiffened. Following an exchange of punts and a flurry of passes, Bud Hickey rumbled into pay dirt from the one for the final tally. The conversion failed.

The tussle was rough and hard from start to finish and the tilt provided the fans with one of the roughest games of "footbrawl" to be seen for quite a few years.

Carpenter—B

Alberts—T

Klein—B

Quarterback Pete Klein runs a punt back to midfield

Minahan Stadium—Oct. 26

Scoring a touchdown in each of the first three periods, the Green and Gold fought their way to another decisive victory, downing the LaCrosse Teachers by a 20-0 margin. In gaining their fifth straight win the Knights completely outclassed the scrappy LaCrosse team.

First blood was drawn by halfback Don Vanden Branden who finished off an 85 yard scoring drive by scampering over from the eight. The second tally was made by end Fred Picard, who scooped up a blocked punt and dashed over from the twelve. The final score came in the third frame when quarterback Pete Klein sneaked over for the score. Weiland successfully converted two extra points while missing one.

As usual the Hearnden men completely outplayed their opponents in every department. They rolled up a yardage total of 266 to LaCrosse's 38. While allowing only two first downs, the Knights finally settled for 12.

Hare—B

Fitzpatrick—B

Hickey—B

Fleet-footed Paul Destiche on his way in an 86 yard touchdown run

Milwaukee, Wis.—Nov. 2

Showing to full advantage their potent attack and defensive play, the Green Knights from St. Norbert took a 22-0 decision from the Milwaukee Teachers to remain in the unbeaten, untied class among the nation's football powers.

Demonstrating its superiority in the initial quarter, the Hearden eleven drove 62 yards downfield with a four yard pass from Klein to Goodreau connecting for a score.

Streaking down the field along the sidelines for an 86 yard jaunt, halfback Paul Destiche gave the Knights their second touchdown. The third score was made by Fitzpatrick, who gained the end zone on a line plunge. The scoring was completed when tackle Jack Early blocked a Teacher kick and the ball rolled out of the end zone for a safety.

Finding themselves stalled on the ground, the Milwaukee team took to the air. After gaining the 22, however, the Ped's threat ended as one of their passes was gathered in by a Knight defender.

Lamers—B

Biolo—G

Bloomer—B

Halfback Butch Lamers circles end for a 20 yard gain

Davenport, Ia.—Nov. 10

Disappointing a large St. Ambrose homecoming crowd, the unbeaten St. Norbert eleven put another victory scalp on its belt by taking a 19-7 decision from the tough Iowa squad.

After one unsuccessful scoring attempt, the Knights took the ball on their own 20 and battered their way to the St. Ambrose five. Quarterback Pete Klein then passed to end Pete Weiland for the initial tally. In the third period Ray Mooney got away behind deadly blocking to go 84 yards for the loser's lone counter.

The visitor's Fitzpatrick and Hickey then proceeded to bring the ball to the opponent's 14 from where a pass moved it to the two. Fitzpatrick then took it over standing up. Tollefson recovered a fumble on the Bees' 42, and from there Fitzpatrick passed to Pete Weiland who stepped over the final strip for another tally. Weiland's successful placement was good for the final point.

The vaunted St. Ambrose passing offense failed to materialize as they completed only one out of nine attempted passes, three of which were intercepted by alert Knight defenders.

McCabe—G

Prunuske—C

Ullmer—C

End Tom Paternoster eludes a tackler after taking Klein's pass

Rensselaer, Ind.—Nov. 17

Shutting out St. Joseph College by a decisive 23-0 score, the St. Norbert football squad became the first team in the school's history to finish a season unbeaten and untied. This impressive record placed the Knights among the nation's fourteen grid squads which could boast of such an unbeaten, untied campaign.

The first touchdown was engineered by Bill Fitzpatrick who intercepted a pass and raced 62 yards for a score. In the second quarter the Green and Gold gained two more points on a safety brought about by the Knights' aggressive line play.

Late in the fourth quarter Ray Strenski intercepted another pass and romped to a tally. A twelve yard aerial from Pete Klein to Weiland gave the victors their final touchdown. Weiland had a perfect day as he made good on his three conversion attempts.

The crowd of 2000 watched the powerhouse Knight forward wall tear the St. Joseph line to pieces during the second half. The game featured a brilliant display of both offensive and defensive playing that throughout the season had smashed all existing school records.

I. F. VAN DYKE GYMNASIUM

The I. F. Van Dyke Gymnasium, named in honor of the Rev. I. F. Van Dyke, O. Praem., was opened for use in December, 1930. The building contains a spacious 100 x 80 ft. playing floor, boxing and wrestling rooms, handball courts, and a 60 x 80 ft. rifle range, in addition to the regular locker, dressing, shower, steam, and equipment rooms. The basketball playing floor is bordered on both sides and on one end by modernistic folding bleachers. The building also houses the various athletic offices and the quarters and supply room for the R.O.T.C. unit of the College. The top floor has been given over to advanced Physic classes while the south tower on the west facade contains the observatory and the revolving dome along with the other astronomical equipment which is used in conjunction with the massive seven inch Loomis telescope housed in the observatory.

VARSITY BASKETBALL

Coach Biolo

The Knights' 1946-47 Basketball Season in Short: Head Coach, John Biolo, via Lake Forest College, the Green Bay Packers, and the U. S. Navy 15 game schedule won eight, lost seven longest win streak, 5 straight games allowed opponents 772 points scored 762 themselves on 288 field goals and 186 free throws committed 257 personal fouls averaged 50.8 points per game long and short, Blahnik and McGuire, scored combined total of 336 Blahnik's 193 set record and gained him second place ranking for highest scorer in school's history Wondrash's 220 leads the parade McGuire tallied 143, Kemp, 123, Paternoster, 117 squad was composed mostly of Freshmen future seasons look promising glad hand to Coach Biolo for doing such a good job students backed team team never failed to give a good performance.

Front Row: Kemp, O'Malley, Burger, Paternoster, Blahnik.
 Second Row: Clark, Kolosso, McGuire, Fitzpatrick, Nohr, Cuene.
 Third Row: Biolo, Coach; Nattoli, D., Lemorande, L., Demchinski, Dillett, Coliari, Mgr.

VARSITY BASKETBALL

McGuire shoots from beneath the basket

Blahnik

In the opening game of the '46-47 season, Coach Biolo's basketball Knights routed Central State Teachers, 58-39. Posting an early 5-0 lead, the entertaining Knights forged ahead to a decisive 36-16 halftime advantage. The second half found the hosts continuing their blistering pace and coasting in to win.

The squad, however, suffered its first loss of the season a few nights later at the hands of one Ted Scalissi and company at Ripon College which downed the Biolomen 47-41. Although both teams were having trouble with their shots throughout the game the Ripon five finally broke the 29-29 deadlock at the ten minute mark and then displayed some fast breaks and uncanny shooting to net an insurmountable 16 point lead.

Inability to click as a smooth working team cost the Knights their second loss as the Oshkosh State Teachers dominated in a close 49-47 tussle.

Playing a tight game all the way, the Green and Gold led at halftime 23-21, but Oshkosh gained a late two point advantage which it retained until the final whistle even though the Knights' center, Blahnik, took scoring honors with 19 tellies.

O'Malley

BASKETBALL

Paternoster and Blahnik leap high for the rebound

Burger

In their second meeting with the Stevens Point, Central State, Teachers the Green Knights come out on the short end of a topheavy 56-26 score. Failing once again to capitalize on scoring opportunities, the visiting St. Norbert team allowed the Teachers to gain a 23-5 intermission lead which proved impossible to overcome.

Revitalized and rejuvenated by their Christmas vacation the Knights started fast and never slowed up as they defeated a scrappy Mission House quintet on the college court, 61-50. Using their height to good advantage in controlling rebounds and paced by the ball stealing of diminutive Arvid McGuire, the Green and Gold gained a 35-29 half-time lead and held the advantage to the finish.

Although making a desperate attempt to overcome a 13 point halftime deficit, St. Norbert's basketball quintet was swept under in defeat by visiting St. Joseph's of Indiana. A slow start coupled with the inability to match the visitors' smooth passing attack were mainly responsible for the loss even though the Knights' fourth quarter spurt nearly won the game.

Arvid McGuire was the Biolomen's sparkplug and high scorer with 18 points.

McGuire

Kemp's one handed stab is watched by Blahnik

Nohr

Again apparently headed for defeat and outclassed by a 25-10 halftime score the visiting Knights, however, suddenly went wild in the final half and simply swept the Milwaukee Peds off their feet as they tallied an exciting 50-43 win over the Brewery city quintet. The Knights knotted the count at 38 all early in the last frame and paced by Blahnik's 17 points they finished strong to win going away.

Upon traveling to Dubuque, Iowa, however, the Green and Gold weren't as fortunate as Loras College administered a sound 70-46 drubbing. Facing perhaps their classiest foe of the year the Knights also met personal opposition in the person of Loras forward, Marty, who countered 28 big points. Blahnik again paced the losers with 14.

Making it two in a row over the seminarians, the Biolo five defeated Mission House on the loser's court by a slim 51-48 margin. The home forces jumped to an early 5-1 lead but the gap was quickly closed as the Knights gained control of the backboards and taking the cue from Blahnik's 22 points they began to part the cords with consistent regularity to establish their winning total.

Clark

BASKETBALL

Fitzpatrick goes high to get the tap-off

Kemp

Avenging an earlier 47-41 defeat, Coach Biolo's basketekers, with comparative ease, polished off Ripon College with Scalissi and Company 61-49 on the Knights' court. Both teams had difficulty in hitting the hoop in the beginning but they gradually settled down to a steady, hard fought game. The Knights, however, paced by the terrific playing of red-thatched Glen Kemp pulled away from a slim 26-24 intermission score and dropped shots from all over the court to pile up their big margin. Kemp popped in 22 markers.

Coming through with a close one on the home court the Knights nipped the Milwaukee State Teachers, 47-46. Neither team was too impressive as layups and long stabs missed time after time. In the last four seconds, however, with the count tied at 46 all, forward Tom Paternoster was fouled and he calmly stepped forth and caged the decisive point.

Once more staving off a last minute rally the Biolomen annexed their sixth win by mastering the University of Wisconsin Extension five from Milwaukee by the slenderest margin, 52-51. With three minutes remaining and possessing a 15 point advantage Coach Biolo sent in his B squad, whereupon the Extension five came to life but weren't quite able to beat the clock.

Fitzpatrick

Kemp shoots a long one against Stevens Point

By downing St. Ambrose College of Davenport, Iowa, 65 to 58, the improved Knights came through with their fifth straight win in a tilt played at Van Dyke gym. Finding themselves at the short end of a 41-29 disadvantage the Green and Gold suddenly came to life and evened the count at 58 all. Continuing to hit their mark the Knights moved fast in the final stanza to chalk up the impressive victory.

In their second clash with Loras the Knights played a stellar game but nevertheless fell before the flashy visiting combine. The home forces definitely held the upper hand in the first half but the Iowa

Paternoster

quintet was not to be denied and, after knotting the count at 27-27, they managed to pull away from the tiring Knights to register a 50-42 win.

In bringing the season to a close at Rensselaer, Indiana, the Knights jumped to a halftime lead of 29-26 but they weakened in the waning minutes of the contest and St. Joseph gained a 60-52 verdict. Blahnik led the Knights' offensive with his twenty points but, after tying the count at 44-44 in a fray that saw the lead change hands many times, the Hoosiers forged ahead to tally.

Champs . . . "The Philadelphians"
Cahill, Bailey, Waldron, Bell, Hopkins, Weiland.

This year, in an effort to accommodate all students who desired to play basketball, athletic director, Mr. Hearden, established an intramural basketball league. Two games were played every night that the league had use of the gym, usually on Tuesday and Thursday evenings, although the schedule varied because of requirements of the College and the High School varsity quintets.

Teams representing Residence and Main Halls composed the league as well as squads from Green Bay and De Pere. The league was open to both resident and non-resident students.

Right from the very start plenty of fancy ball handling was seen and an intense rivalry developed among the teams, often resulting in bitterly fought contests. As most of the boys had played basketball either while in high school or in the service it was not unusual to see some really outstanding performances in the course of an evening's play.

Dominating the play from start to finish was the quintet known as the "Philadelphians." Composed mainly of boys who had attended South-

east Catholic High School in the "City of Brotherly Love," the team gave mute testimony as to why its Alma Mater has continually been one of the dominant powers in scholastic basketball circles along the East Coast. Besides turning aside all comers in league competition, rolling up scores in the upper eighties, the flashy pace makers also found time to turn back varsity Coach John Biolo's "B" Squad in a preliminary tilt to one of the Varsity clashes.

In addition to the Philly boys, the other "power" in the league was the "Campus Cut-Ups," a team composed of varsity grid players. Although quite handy on the court they nevertheless had to take a back seat to the ultimate league champs who were very prolific when points were needed.

The league offered many instances of relaxation to the students from the grind and the monotony of the classroom and it also served to enable the boys in the Physical Education Department to get some practical knowledge of their chosen profession as they refereed all of the games.

The editor poses.

"Butch" does his Latin
... only 5 hours.

Ed and Joe, two Philly
boys.

Look fellows, a new
"brew."

Norm and Joe with
"friends."

The Residence Hall boys.

"Booper" and picture;
P.S. it's Lana Turner.

smile.

ORGANIZATIONS

COUNCIL OF STUDENT ORGANIZATIONS

Front Row: Picard, Senior Class; Walters, Varsity Club; Prunuske, Junior Class; Kremer, Third Order.
Second Row: Nottoli, D., Freshman Class—"Times"; Rohlinger, Sophomore Class; Schwarz, Cannizzaro Club; Cobb, Infantry Club; Filliben, "Des Peres."

Late in the year the Presidents Club was revised to become by unanimous consent the Council of Student Organizations of St. Norbert College. This was immediately followed by the acceptance of a new set of By-Laws drafted by a formerly appointed By-Law committee and an election of officers.

Elected to the position of President was George Nottoli of Chicago. His chief duty was that of presiding officer at all regular and special meetings.

Elected to the office of Vice-President was Frank Kremer, of Green Bay, and Ed Schwarz, also of Green Bay, was named Secretary-Treasurer.

Under the guidance of their faculty adviser, Rev.

A. M. Keefe, Dean of Men, who organized the old Presidents Club in 1932, this organization is the student representative at St. Norbert which has as its chief purpose the goal of stimulating lacking interest in other school activities.

Organizations duly represented and participating in the voting were Gordon Lamers, Senior Class; George Nottoli, Varsity Club; Oliver Simons, Alpha Nu; Elliott Cobb, Infantry Club; Don Pieters, Sophomore Class; Ed Schwarz, Cannizzaro Club; Frank Kremer, Third Order; Francis Filliben, Des Peres; Ira Pague, Rifle Team; and Don Nottoli, Freshman Class and Times.

AMERICAN CHEMICAL SOCIETY AFFILIATES

Front Row: Bichler, Neuville, Schwarz, Kramer.
Second Row: Zehren, Janssen, W., Randall, Motiff, Heyrman.

The American Chemical Society Affiliates, formerly known on this campus as the Cannizzaro Club, is composed of chemistry and chemical engineering students who have completed at least one semester of chemistry.

Its object is to afford an opportunity for the students in chemistry and chemical engineering to secure the intellectual stimulation that arises from professional association, to secure experience in preparing and presenting material before an audience, to foster a professional pride in chemistry, and to bring about the correct relation between science and religion.

All members are affiliated with the American Chemi-

cal Society and attend the Northeastern Wisconsin sectional meetings which are held in Appleton.

A bi-monthly magazine, published by the American Chemical Society is received by each member of the organization, and it places at his disposal the advanced ideas and methods used by modern chemists of today.

During the year, Peter P. Pritzl, O. Praem., faculty advisor, addressed the group at several meetings, and topics concerning the various phases of chemistry were given by the student members. At the end of the school year, the organization held its traditional picnic.

ALPHA PHI OMEGA

Front Row: Simon, Held, Delwiche, Devereux, Bouchea.
Second Row: Chidalek, McCabe, Hoffmann, Heyrman, Browne, Paque.

Alpha Phi Omega is the only national service fraternity of its kind in existence in the United States with the primary purpose of assembling college men in fellowship, to develop friendship and to promote service to all humanity regardless of race, color or creed.

Being a service fraternity with chapters on all of the larger campuses in America, Alpha Phi Omega crosses all lines of honorary, social, and professional fraternities.

The more important activities sponsored by the Alpha Nu chapter during these past two semesters were: assistance with registration of students; sponsorship of a Boy Scout Troop at St. Joseph's Orphanage;

support of "Feed the Hungry Movement" for starving and needy European people, and post war inauguration of Memorial Day Services. Social functions also find their place on the activity roster which includes: the annual initiation banquet, annual spring semi-formal, periodic (stag) smokers with guest speakers and entertainers, and wiener and steak roasts at Pamperian Lodge.

There are two fundamental requirements for active membership in Alpha Phi Omega. First, that the student has had previous experience in the Scouting Movement; and second, that he has, and expresses an earnest desire to render service to others.

Front Row: Rentmeesters, D.; Kremer, Prior; Rev. L. A. V. DeCleene, Moderator; Struglia, Curator; Richardson, Secretary-Treasurer.
Second Row: Gerrits; Schultz; Filliben, Sub Prior; Heyrman; Scheller; Hoffmann; Schmidt.

The Third Order of St. Norbert is the oldest fraternity in the world today. It was started by St. Norbert in 1124, five years after he had founded the Order of St. Norbert. The aim of the organization is to promote a better religious spirit, not only among its members but throughout the entire school. The organization, by the good examples set by its members, endeavors to install a greater love for the Blessed Sacrament and the Virgin Mary.

The Rev. L. A. V. De Cleene, national moderator, announced at the beginning of this year that he planned to hold two meetings a month. At these meetings dis-

cussions were held on several interesting subjects including marriage and family problems. These discussions were held openly and frankly to cover every aspect of the problems brought forth.

Recently Rev. De Cleene undertook the training of some of the members of the Third Order for Catholic Evidence Guild work, which will enable these members to address gatherings on problems of a religious nature outside the campus.

The Third Order is also an active member of the Green Bay-De Pere Better Reading Council which combats the publication and sale of salacious literature.

DES PERES

Front Row: Schultz, Carlin, Olson, Pieters, D.
Second Row: Couvillion, Alesch, Colle, Hermans, Vandenberg.

Relatively few shoulders have borne the burden of compiling the 1947 Des Peres.

The biggest problem, that of budgeting the staff and paying for the book, was well handled by John E. McKeough, business manager. Francis J. Filliben, editor in chief, who sat up late many nights and sacrificed most of his weekends planning, organizing, and editing the copy which appears in this book, was the driving force behind the entire staff.

Leo J. Swidler, associate editor, contributed helpful advice on makeup and style, as well as writing many pages of copy. The sports department was headed by Gene La Violette, who compiled all of the data for

this important part of the book. All copy in the activities and social section was written by Nic Schnettler, editor of that department.

Vernon J. Biever, added a major item to this publication with his action shots of football and basketball as well as many candid and informal pictures about the campus.

Oliver J. Simon edited the senior's section, and to help in financing this 1947 Des Peres Norman M. Watermolen made all the numerous contacts for the advertising section as he and his staff solicited ads for the ever valuable advertising which appears at the back of this book.

BOOSTER CLUB

Front Row: Hines, O'Shea, Moore.
Second Row: Nottoli, D., Heyrman, Fitzgerald, Waldron.

The Booster Club was formed in October 1946 by a group of anxious students desiring to promote a higher caliber of school spirit on the campus of St. Norbert College.

It originated as an unofficial campus organization under the auspices of Rev. S. C. Becker along with ten active members. On April 20, 1947, it was officially organized, election of officers was held and it received official sanction from the St. Norbert College Administrative Board. Later in the year it was accepted into the Council of Student Organizations.

The purpose of the Booster Club is to assemble men in a fellowship through which they may actively promote school activities, to create a school spirit, and to render financial aid to worthy organizations on the campus of St. Norbert College.

Active membership is granted to any student in good standing with the administration of the college and who is deemed worthy by the active members at the date of application, without racial or religious discrimination.

MALE CHORUS

Front Row: Peeters, Schmitt, Danks, Gauthier, Pieters, Falk.
Second Row: Salutz, Danks, D., Zderad, Riendl, DeBroux, Heyrman, McDonald, Gerrits.

The male chorus was revived this year after four years of inactivity. Its main purpose is to afford qualified students the opportunity for instruction and pleasure in singing fine choral music of this and the past age. The chorus has appeared in public both on the campus and on the radio. This small choral group is made up of students with varied experiences in the musical world, including previous participation in choral and solo work in high school, in college, or in the service.

Under the expert direction of Reverend Robert Sromovsky, the chorus worked on several light numbers

to aid in balancing the group properly, and to give vocal chords some helpful exercise. After a few such introductive practices the men were given some of the works of the great composers to sing. Father Sromovsky stressed accuracy in rhythm together with exactness of pitch in order to bring out the harmonic and melodic content of the music. This accuracy and exactness brought forth the finer points in the numbers the chorus reviewed. They also helped to give the men a greater appreciation of choral music and a finer rendition of group singing to their gracious audiences.

CATHOLIC ACTION GROUP

Front Row: McKeough, Walker, Rev. F. F. DuPont, Knauf, Driscoll.
Second Row: Quever, Vanden Heuvel, D.

The newly organized Catholic Action Group, under the guidance of Rev. F. F. DuPont, is based upon a movement instituted in Belgium after the first World War by Canon Joseph Cardijn. Originally formed to promote Catholic ideologies among young christian workers the organization has come to be internationally recognized as a very successful Catholic action movement.

The purpose of the organization is to create active Christian principals in the life led by the members, in his family circle, and in his surroundings. The personnel and the meetings of the local unit were based upon

the interest of the students and the available time of the interested parties. It was not the intention of this group to include the entire student body but to limit itself to assure interest and active discussion among its members.

The basic group in the organizational structure is called a cell. At each cell meeting discussions are carried on informally on Catholic liturgy, literature, intentions of members, and a fraternal discussion of mutual problems. The organization has received the highest blessings of the sovereign pontiff.

ALPHA GAMMA

Gordon W. Lamers, Secretary

Donald J. Dantine

Rev. Patrick N. Butler, O. Praem.
Moderator

Norman M. Watermolen, Vice President

James A. Madiol, President

For the first time since 1943, new members were elected to Alpha Gamma, the campus chapter of Delta Epsilon Sigma. This national Catholic scholastic honor society was organized in Washington, D. C., in April 1939, for recognizing scholastic and extra-curricular achievements of students and graduates of Catholic colleges and universities.

The men chosen were those who evidenced the best promise of realizing in themselves the highest ideals of Catholic culture and prestige. The men

elected enjoy the right of wearing the official key of the society.

Alpha Gamma was established at St. Norbert in 1940. In March, Father Butler announced the names of four seniors who were elected and initiated. The honored students were Norman M. Watermolen, Green Bay, Wis., Donald J. Dantine, Green Bay, Wis., James A. Madiol, Chicago, Ill., and Gordon W. Lamers, Little Chute, Wis.

VETERANS ADMINISTRATION

One of the College's many veterans takes one of the special aptitude tests given by the Veterans Administration counseling center.

The St. Norbert College counseling center in Green Bay has tested and advised over 3500 veterans since its inauguration in April 1945, according to information from Father Pritzl who heads the activities at the center.

For those veterans who are enrolled under Public Law No. 16 the visit to this counseling center is required. Those who are going to school under Public Law No. 346, the G.I. Bill of Rights, are not required to take the counseling tests but many do so because of their informative value.

Some examples of tests given are: mental aptitude, mechanical aptitude, English, and personality. In all there are forty different tests used to determine a veteran's qualifications to do a certain type of work.

Rev. Peter P. Pritzl, O. Praem.
Supervisor

TIMES EXECUTIVES

Editor Don Nottoli and Makeup Editor Wade Walker inspect the finished product.

The "Times" once again was the students' "Bible" when any big news happened around the campus. Although off to a slow and bumpy start the bi-weekly publication soon began to assume its prewar "All-American" polish as the editors and the staff, composed largely of first year men, gradually settled down to the task of turning out a first class newspaper.

The sparkplug behind this movement was editor Don Nottoli whose task it was to see that all material was in on the specified date, to copyread, and finally, to aid make-up man Wade Walker in the layout of the paper. He was ably assisted by the editors of the different departments in compiling all of the many news features of interest to the students.

Business Manager James Madiol, Advertising Manager Donald Lux, and Circulation Manager John Thomas also headed their branches of the organization with a business-like "know how." The ability of each in his own department was greatly instrumental in enabling the editorial staff to turn out a praiseworthy newspaper every two weeks.

Journalism in its professional form is primarily a community service, but a school publication has the added feature of being a proving ground and a workshop for those apparent students of sufficient talent and interest toward the journalistic field.

Even though we cannot go all the way with the Timesmen who claim that "THE TIMES" is the greatest thing that has happened to the reading public since the advent of papyrus, it must be admitted that the 1946-47 editions of the paper more than fulfilled the expectations of onlookers who witnessed the rebirth of "THE TIMES" insofar as the new staff and its in-

experience were concerned. But if the present staff has any claim to distinction it should be to versatility. With the majority of the staff, from editor down to the lowest copyboy, interchangeably performing the tasks of editing, layout, circulation, and advertising, it can be truthfully stated that none of the staff members suffered from any occupational lethargy.

But the year is now in back of us and if we are to criticize let it be with an eye to the future. . . . With the experience of one full year in back of it the new staff can now look forward to a better paper next year based on a fuller knowledge of its own capabilities.

Front Row: Cobb, Col. Rutte, Danks, D.
Back Row: Loughran, Walecka, Sutherland, Ley.

With a common background of training in military matters, the advanced students in the course of Military Science and Tactics banded together in 1938 to form the Infantry Club. Reorganized this year after the non-active war years, the Infantry Club was more popular than ever. Purpose of the organization are both professional and social, and its goal is to promote the interests of the Reserve Officers Training Corps.

Foremost among its achievements was the successful management of the annual Military Ball for the Reserve Officers Training Corps. The dance, which was held on February 14 at the Riverside Ballroom in Green Bay, was one of the best in college history.

In addition to the Military Ball, the Infantry Club sponsored several private parties to aid in acquiring a fraternal spirit. At the first one which was held early in the year new members were formally invited into the ranks.

Because of the small percentage of non-veteran students on the campus the Lancers, a precision drill group affiliated with the Club, was not organized this year. However, the members of the Infantry Club have already formulated plans to organize and sponsor such a group next year.

HOMECOMING DANCE

Rousing spirits and lusty cheers at Minahan Stadium where the Green Knights finished a 27 to 7 victory over Loras set the pace for the homecoming dance which has become a tradition at St. Norbert College.

The Homecoming Dance, sponsored by the Varsity Club and held at the Riverside Ballroom in Green Bay, proved a fitting end to the perfectly organized homecoming schedule which was prepared to greet the returning alumni.

Dancing was continued from 9 to 1 to the music of Al Monigal and his Orchestra and judging from unan-

imous comment of those present, the affair was a social success. A large representation of alumni and approximately 275 couples attended to make the event a financial success as well. Proceeds of the affair as usual were used to finance the purchase of sweaters, awarded to varsity letter winners of the football and basketball teams.

The Homecoming Dance of '46 will hold a prominent position as one of the most successful of the long line of unrivaled college social functions.

MILITARY BALL

The steady tramp of marching boots was silenced for the night of February 14th, and in its place was heard the light patter of dancing shoes. The occasion was the annual Military Ball of St. Norbert College which was held at the Riverside Ballroom in Green Bay.

Traditional formal aspects of the dance were omitted this year because of difficulty in obtaining formal attire. Absence of the receiving line and the omission of the colorful Grand March, however, did not dampen the spirits of the tremendous number of couples present.

Elliot Cobb, President of the Infantry Club, was the Grand Chairman. Ably assisted by the members of the Infantry Club, he succeeded in making this one of the most successful social events of the school year.

Music was furnished by Brault's Canadiens. Included in the evening's entertainment were several excellent vocal numbers and a humorous arrangement of the popular comedy ditty "Open the Door Richard." Guests of honor were the members of the Wisconsin Reserve Officers Association, College Alumni Association, and several other local organizations.

Front Row: Neuville, Picard, Smith, Prunuske, Regenfuss, Lemorande, R., Walters.
 Second Row: Goodreau, Klein, Hanley, Lemorande, L., McCabe, Nottoli, G., Strenski.
 Third Row: Lamers, Weiland, Cahill, Paternoster, McWey, Biolo, Tollefson.

The Varsity Club is an organization composed of all major letter winners in football and basketball. Though inactive during the war years it was reorganized in the fall of 1946. The first function it performed was the sponsoring of the homecoming dance, one of the highlights of every school year. This dance not only serves the purpose of a reunion of the "old grads" and the college students but the proceeds are used to buy sweaters for the numeral winners.

The Varsity Club was first organized in 1932 and has been active on the campus since that time with the

exception of the war years when enrollment was very small and college athletics were curtailed because of the manpower shortage. Robert Walters was chosen as its first post-war president and under his able leadership the group began to take up where it had left off as one of the outstanding organizations of the college. Walters' graduation at the end of the first semester necessitated a reelection of officers. The present officers are: George Nottoli, president; Glen Kemp, vice-president; William Fitzpatrick, secretary; and Clarence Blahnik, treasurer.

R. O. T. C. RIFLE TEAM

Front Row: Schlafke, Saner, Sevenich, Danks.

Second Row: Colonel Rutte, Shenk, Benishek, Swidler, McDonald, Sgt. Sonley.

Reorganized this year after a lapse of inactivity due to the war, the Reserve Officers Training Corps rifle team took part in several competitive meets. Although not able, in its initial post war attempt, to partake in as many matches as its predecessors, the squad nevertheless showed to best advantage the training which it has been given.

Under the careful guidance of Sgt. John O'Leary and Sgt. Joseph Sonley of the Department of Military Science and Tactics the members of the group were instructed in the basic fundamentals required in all rifle marksmanship. All such practice and all competitive firing was done on the college's spacious twelve target rifle range beneath the

gymnasium.

One shoulder to shoulder match was fired against Green Bay Central Catholic while several postal matches were entered, including a meet with the University of Alaska, firings in the coveted Hearst Trophy match, and in the International Intercollegiate match.

Colonel Louis B. Rutte, senior officer of the College's R.O.T.C. unit, declared that in the 1947-48 school term the rifle team will partake in an extensive program which is to include matches with the various R.O.T.C. units of colleges throughout the nation while a few meets have also been tentatively scheduled on an international basis.

VARSITY RIFLE TEAM

Front Row: Delwiche, Devereux, DeWan, Pague.
Second Row: Vande Walle, Nitz, Bedore, Couvillion.

The past year saw the revival of a prominent prewar activity, the Varsity Rifle Team. Starting in where their highly touted forerunners had left off the riflemen turned in highly commendable performances throughout the season. Postal matches were shot with Knox College of Galesburg, Illinois, Michigan University, and the University of Washington in St. Louis.

In addition to these intercollegiate rivals the team opposed the professional Nicolet Rifle Club and the Wisconsin State Guard squad from Green Bay while it also turned in very good totals competing in the First Fox River Valley Rifle Tournament which was held early in May. Several postal matches with other intercollegiate rivals had to be

postponed for one reason or another but these colleges will be included as part of the 1947-48 schedule. Among this group are the University of Wisconsin, Michigan State, Nebraska, and Iowa.

The top shooters on the team were Ira Pague and Jack DeWan both of whom were also mainstays on the crack 1942 squad. Both had returned to complete their educations after serving in the armed forces for several years.

The team, tutored by Sgt. John O'Leary and Sgt. Joseph Sonley of the college's Military Department, turned in its best performance when it totaled an 1888 out of a possible 2000 points to defeat the Wolverines of Michigan University.

Prone: Schlafke, Danks, Swidler, McDonald, Benishek.
Coaching: Col. Rutte, Shenk, Saner, Sevenich, Sgt. Sonley.

OUR ADVERTISERS

Dear Reader:

You are now coming to what is really the most important part of this annual. Indeed, without the help of the establishments and people whose names appear on the following pages there would not have been any "'47 Des Peres." In these days of ever increasing prices and shortage of necessary materials the capital to finance such a publication as this could never be realized solely from the money allotted to the journalistic societies by the school.

Year after year we must fall back upon the true friends of St. Norbert College in order to bring to you, the reader, a brief glimpse into our way of life on the campus. And truly, year after year, we have received gracious aid from these many friends who realize the significance of success of any venture which is undertaken for the betterment of the community or its future citizens.

Even in these trying times the business men of your community have seen fit to help us. They have so generously lent us a hand so we likewise ask you to patronize them. They, indeed, have proved very beneficial to us. We are certain that you, too, will find them prepared to fulfill all of your needs.

To all we utter a grateful "Thank You"!

"Yessir, Jim's got a great system"

A great system for Jim, that is. But a little unfair to the other swimmers.

Swimming a race or running a business is pretty easy when you don't have to pull your own weight. Take government-owned electric power systems, for example. They pay little or no taxes. When they need money they can get it from our U. S. Treasury at little or no interest.

Business-managed power systems do not have these special privileges. They pay their full share of taxes, pay fair interest on loans, "pull their own weight."

EPILOGUE

As we come to the final pages of this book it is difficult to say "Thank You" to so many in such a small space. While paging through the "'47 Des Peres" you have encountered the work of many who are not members of the staff. They are the students and others who have sacrificed much of their own time in order to enable us to bring you this book. Several of the articles and stories along with many of the snapshots have been submitted by those who are not included among the names of the staff members. So as not to neglect anyone by attempting to mention each of their names individually the staff wishes to extend a most hearty word of thanks to any who have contributed to this book.

Many thanks are also due to the several members of the faculty who have given many helpful bits of advice and hints. We are also grateful to Mr. Gus Aschert for the fine photography work that he did for us, while the ever helpful Green Bay Press Gazette again merits plaudits for its many contributions.

The representatives of Badger Printing Company and Northwestern Engraving Company, Mr. E. W. McGuire and Mr. Russell Spoor, respectively, are also to be praised for bearing with us so patiently through our many mistakes and pitfalls.

All in all, the members of the "'47 Des Peres" wish to thank everyone for his invaluable aid in the production of this book. Our errors have been many, our efforts perhaps comparatively futile. Nevertheless, if nothing else, we still have the memories of the headaches and long hours of diligent work which went into the final completion of this book. Whether we have been successful is of course left to the taste of you, the reader. We have tried, the book is complete; now, with our worries and production headaches a thing of the past, we too bring the book to a close with a sincere "Deo Gratias."
